Two dedicated and determined volunteers came out to the Dog Run Road cleanup despite being well advertised and a beautiful day. The two volunteers worked extremely hard to collect and remove a large majority of tires and trash that had been illegally dumped into the forest along Dog Run Road, which is the main access road to State Game Lands 232. Additional cleanups will be held to completely eradicate the dumpsite.

State Game Lands 232 offers visitors plenty. The recreational opportunities include bird watching, hiking, hunting, and mushroom hunting. In addition, Dog Run offers soothing sounds and a refreshing waterfall. Visit in early spring, and you will not be disappointed by the array of wildflowers. Please always remember if you take trash in be sure to take it back out, so that all of our State Game Lands across Pennsylvania are clean and beautiful for everyone to enjoy.
