

Tire Pile

Columbia County

VOLUNTEERS

Sigma Iota Omega of Bloomsburg University

CONTRACTED SERVICES

Waste Management of Central PA

Fraternity Brothers from the first social fraternity to be established on the Bloomsburg University campus, along with Alumni and friends, assisted in eliminating a large tire pile from the community. The stormy weather did not deter the group from slinging enough tires to fill a 40 yard dumpster in just over two hours. The group was happy to help remove another of the many illegal tire dumps found throughout Pennsylvania.

Brothers of Sigma Iota Omega have been committed to community projects for the past forty-five years. Several of the Brothers came back to the area simply to "lend a hand".

Cleanup Date: Nov. 15, 2008

Township: Roaring Creek

Tires Removed: 347

Volunteers: 24

Volunteer Hours: 72

"I was pleased to see three Alumni Brothers come back to the area simply to "lend a hand". The Alumni, who braved the stormy weather to make the special trip, currently reside in the Hazleton, Lehigh Valley and Philadelphia areas. When you can have a good time with friends, and support your community in a worth-while activity, it is a win/win for everyone involved."

David Kurecian
Alumni President
